“10 More Keys to Getting Unstuck”

Introduction:

God is doing a new thing in our lives not an old thing! This is one of the keys to getting unstuck that we will look at today!

Isaiah 43:18-19

Do not cling to events of the past or dwell on what happened long ago. Watch for the new thing I am going to do.

1. Never Control Another Person

It's easy to recognize people around us who want to control us and other people. It's harder to recognize controlling behaviors of our own!

A critical life skill for us to develop is the skill of managing our relationships. We are learning how to let people say, "It sounds like you have found an approach that works for you. I do it differently but thank you so much for your help!"

Controlling people have broken relationships that are weak and unstable. Controlling people are in bondage to the micromanagement of the weak people they surround themselves with.
