“God Promises Financial Rest”

Introduction

How is your financial health? As Covid continues to afflict the world, the children of God’s Kingdom are promised rest. God promises us security & rest, as He promised His beloved Israel.

According to the Bible, “power to get wealth” comes with God’s rest. This does not mean every Christian is destined to become a millionaire, though some are. This does mean that God’s beloved children are called to walk above poverty, debt, and financial pressure.

This is the hour of anointed revival, harvest, and God’s end-time judgment. We at Father Heart are having the time of our lives and enjoying the rest of God, as we serve Him. We want God’s wealth so that we can be the healthiest we can be, and so that we can spread the gospel to all nations!

If your motives are pure, God will probably distribute His wealth to you. If you are impure in your motives, you may acquire wealth, but it will be without God, and that could prove fatal.

Let's go deep today!

Hebrews 4:1

Therefore, since **a promise remains of entering His rest**, let us fear lest any of you seem to have come short of it.
